Instructions: Click on the 4th icon down (the sticky note). Type your response, then click "save." You can either type in another response or click "cancel" when you are finished

1. Staff with appropriate training/ 2. General resources

Poor infrastructure and Lack of policy in place /Rwanda

**Access to adequate teaching resources**

Barriers: Principal support; IT interoperability

**We have to trust teachers. We don't!**

perceptions on specific learning needs by teachers, parents and communities

What is education for?  
My government doesn't know!

1. Institutional champions of UDL  
2. Changing mindsets.

What are your top 2 barriers to implementing UDL at the systems level

A long-held belief that students are empty vessels that the expert teacher will fill.

**Standardized test limits what to teach and how to teach**

lack of resources and lack of technical knowledge (for both teachers and parents)

**1. Lack of teachers' awareness. Many teachers don't take diversity into consideration when they plan their lessons. 2. lack of time/energy/human resources to implement UDL**
